MISSOURI'S COMMITMENT TO STUDENTS

Great news for this school year! The Missouri Department of Elementary and Secondary Education has launched the 2023-24 Feminine Hygiene Products Grant Program, and all school districts qualify.

A generous \$1 million has been allocated for the 2023-24 school year by the 2023 Missouri General Assembly, ensuring that students across the state in grades 6-12 have access to feminine hygiene products.

Under this program, every local education agency that submits invoices is guaranteed a minimum grant award of \$500. That means you're getting support to make sure your students have what they need.

Don't miss out on this opportunity to enhance student well-being and to access necessary resources!
